Subject: Fwd: DTSC Approval: Addendum No. 1 to the Master Field Sampling and Analysis Plan for Phase 3 Chemical Data Gap Sampling

Stephie and John,
The Department of Toxic Substances Control (DTSC) reviewed Addendum No. 1 to the Chemical Data Gap- Investigation Work Plan, Phase 3 Soil Chemical Sampling at Area IV for Subarea 5C (Addendum No. 1; CDM Federal Programs Corporation, April 2012). The Chemical Data Gap- Investigation Work Plan, Phase 3 Soil Chemical Sampling at Area IV (Phase 3 Work Plan; CDM Programs Corporation, April 2012) was approved by DTSC on April 11, 2012.

DTSC has provided comments regarding Addendum No. 1 since DOE's initial draft subarea 5C submittal to DTSC on January 10, 2012. DTSC's subsequent comments, as well as stakeholder comments, have been incorporated. DTSC concurs with the revisions and approves the final Addendum No. 1 for implementation.

Please note, EPA and DTSC are copied on this email for posting of this DTSC-approved Addendum No. 1 to their respective web sites.

If you have any questions regarding this approval, please don't hesitate to contact me at (714) 484-5434 or Mr. Mark Malinowski at (916) 255-3717.

Thank you,
Laura Rainey

Laura:

Attached to this email is Addendum No. 1 to the Chemical Data Gap- Investigation Work Plan, Phase 3 Soil Chemical Sampling at Area IV (Phase 3 Work Plan--CDM Federal Programs Corporations, April 2012) for your review, concurrence, and approval to begin the sampling field work. This addendum describes the unique characteristics of HSA 5C, includes detailed

sampling rationale and maps, and includes documentation of the data gap analysis conducted for HSA 5C. This addendum incorporates all DTSC comments. The results of the data gap analysis and proposed sampling locations for HSA 5C was shared with stakeholders on February 22, 2012 and the stakeholder comments were incorporated in this addendum.

If you have any questions, don't hesitate to call or email.

Thanks,

Stephie Jennings, PMP
Deputy Federal Project Director
