Subject: Re: Parr Review Comments, CDM and MWH HSP

Stephie and John,
Please see attached review comments prepared by DTSC's IH regarding the MWH and CDM Health and Safety Plans (HSP).

Both have adequately addressed Frank's comments, with one exception. Regarding CDM's HSP, Frank would like to follow up with a few field visits to address the potential for the heat exposure for upcoming work. I've asked Frank to provide some dates in the near future and we'll notify you of his date(s) for visiting the site, for clearance at the gate.

Thanks,
Laura
