Health, Safety and Radiation Services
8900 DeSoto Avenue
Canoga Park, CA 91304

Gentlemen:

We have completed our confirmatory radiological survey of the Phase II area described as Region IIB in your "Radiation Survey for Phase II Release for Unrestricted Use of ESG Headquarters, Building 001" document dated August 12, 1983. We find Region IIB meets our criteria for unrestricted use specified as Condition 22.a. in your SNM-21 license.

It should be noted, however, that Building 001 shall remain as an authorized place of use under your SNM-21 license until the entire building has been released for unrestricted use.

Sincerely,
W. T. Crow
W. T. Crow, Section Leader
